Work Experience

Business Development Coordinator, H2O Partners, 2023-Present, Austin, TX

- Leads the development of strategic responses to government Requests for Proposals (RFPs), with a focus on environmental planning, hazard mitigation, climate action planning, disaster recovery, outreach, and training.
- Authored over 100 proposals, contributing directly to firm growth and expansion into three additional states.
- Demonstrates complex methodologies through intensive research, drafting, and collaboration with subject matter experts.
- Drafts and implement marketing campaigns to notify local jurisdictions of grant opportunities for potential planning mechanisms.
- Develop marketing materials, such as an updated website, capabilities statements, case studies, and graphics.

Construction Site Supervisor, Austin Habitat for Humanity, 2022-2023, Austin, TX

- Supervised day-to-day operations on multiple affordable housing construction sites, ensuring tasks were completed efficiently, safely, and in alignment with project timelines.
- Assigned and managed daily responsibilities for volunteer crews, fostering a collaborative job-site culture to encourage long-term volunteer relationships.
- Played a key role in the construction of nearly 20 affordable homes, supporting equitable housing access in the Austin area.
- Contributed to sustainable urban development efforts by promoting community-based solutions and resource-conscious construction practices.

Distributions/Operations Intern, Brighter Bites, 2021, Austin, TX

- Assisted in the weekly distribution of fresh produce at schools and childcare facilities in Austin communities, promoting nutritional food access.
- Delivered in-person recipe demonstrations to students and educators to encourage healthy food choices.
- Supported logistics and volunteer engagement to ensure efficient operations.

Development Intern, EarthShare of Texas, 2020-2021, Austin, TX

- Supported development campaigns that raised funds for Texas-based environmental organizations focused on wildlife conservation, clean air and water, and sustainable land use, among others.
- Managed membership applications, volunteer outreach, and member communication.
- Contributed to social media and digital outreach strategies aimed at expanding the organization's impact and public awareness of environmental issues.

Non-Profit Leadership Intern, The Borgen Project, 2020, Austin, TX

- Advocated for U.S. foreign aid policies addressing global poverty, clean water access, sustainable agriculture, and education by conducting weekly outreach to congressional representatives and the public.
- Mobilized peers through grassroots fundraising and digital marketing campaigns, achieving performance recognition for contributions to the organization's mission.

Clubs and Programs

- Innovations for Peace and Development Data4Peace Team (2020-2022) Conducted data entry and research related to peacebuilding projects and territorial control variables in international spheres.
- Campus Environmental Center Education and Outreach Coordination Team (2019-2022) My team and I coordinated events to educate the Austin community about sustainable events and practices.
- Longhorn Alliance for Refugees and Asylees Volunteer Coordinator (2019-2022) Connected students to volunteer opportunities regarding displaced communities in Austin and the surrounding areas. My team and I acted to mobilize the community in support of refugees by contacting legislators and providing resources to refugee communities.
- SkillsUSA Alumni Member and Leadership Trainer (2014-2021) Responsible for creating and leading sessions for middle and high school students pertaining to leadership and professional development.
